# Preview Topics

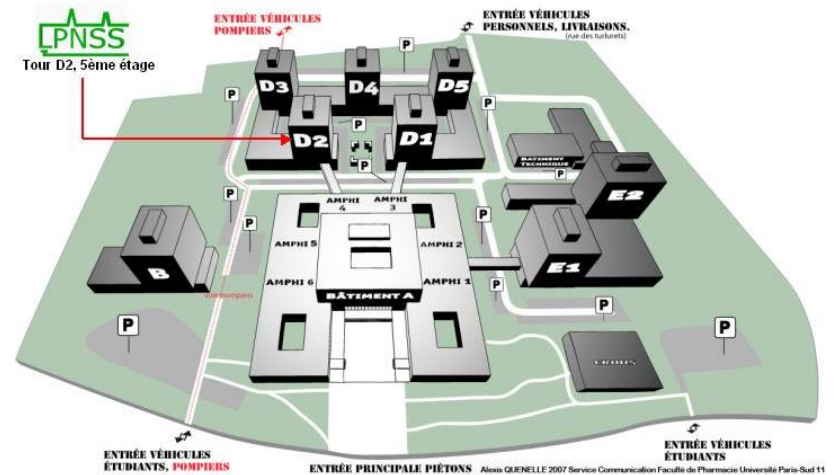

- **Five years after the reform of pharmaceutical curriculum studies in France**
- **Medical Devices...**
- **Ethic and Innovation**
- **Hospital Pharmacist**
- **PharQA Project**
- **EPSA meeting and Student session**
- **Dean's council / representative Dean's council**
- **...**

# The School of Pharmacy

The School of Pharmacy is the largest in France. Research teams form research institutes in collaboration with CNRS (National Center for Scientific Research), and INSERM (National Institute for Health and Medical Research). Research laboratories are known worldwide in therapeutic innovation.

# Key figures

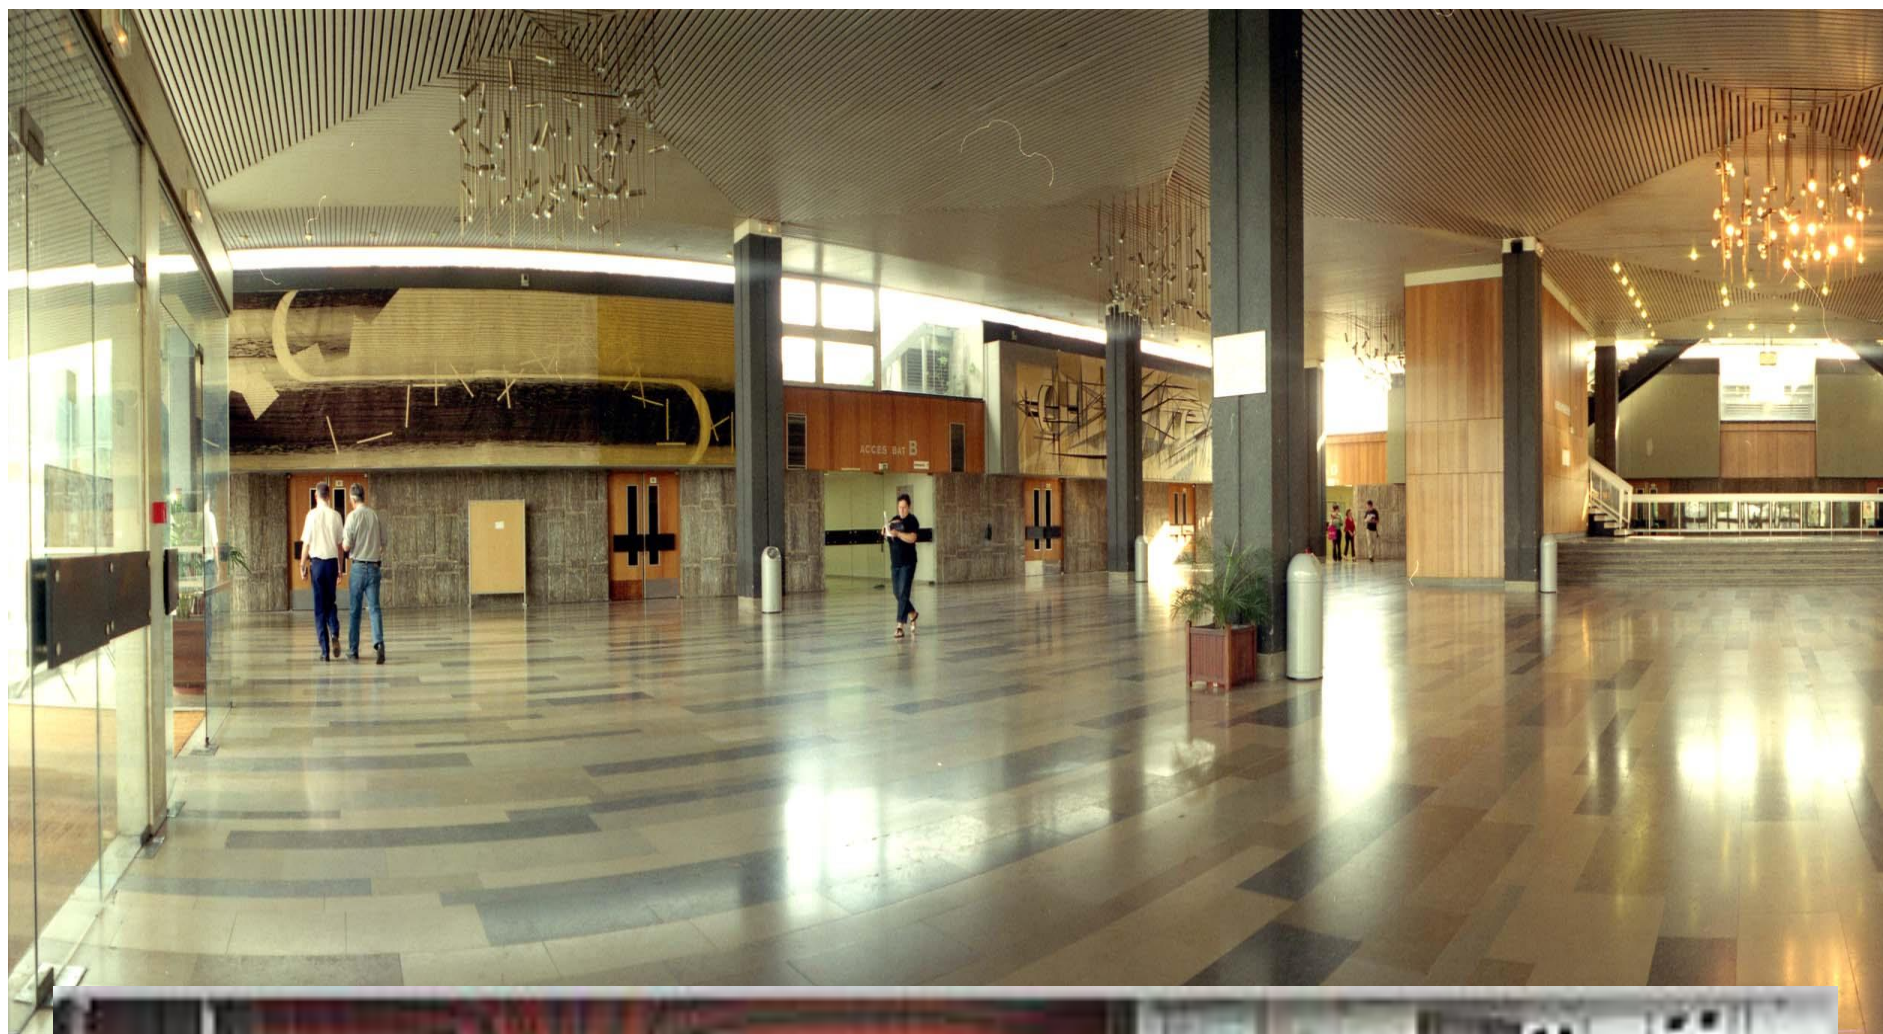

- ✓ 3,500 students and 200 Ph.D. students
- ✓ 250 teachers and researchers
- ✓ 18 Master programs, 1 Doctoral School
- ✓ 5 innovative start-ups in pharmaceutical research
- ✓ A 9-hectare campus with 8 buildings dedicated to research

May 2015

# Major research areas

Medicinal Chemistry

Biochemistry

Analytical chemistry

Microbiology

Immunology

Parasitologie

Cardiovascular Physiopathology

Drug delivery and Targeting  
(nanotechnology)

Neuropharmacology

Hematology

Public Health/Environment.

# International Relations

- Erasmus, Masters, internships, PhD...

22th EAFP Annual Conference  
12-14 May 2016

**EAFP** EUROPEAN ASSOCIATION OF  
FACULTIES OF PHARMACY

**First Common Year of Health Studies (PACES)**  
**Entrance exam for Pharmacy**

Maieutic, Medicine,  
Dentistry and  
Pharmacy

**2<sup>nd</sup> year (DFGSP2) (60 ECTS)**  
*Pharmacy internship (6 weeks)*

**3<sup>rd</sup> year (DFGSP3) (60 ECTS)**

**Diploma of General Education  
in Pharmaceutical Sciences**  
(Bachelor's degree, 180 ECTS)

**4<sup>th</sup> year (DFASP1) (60 ECTS)**  
*Domains: pharmacy, industry/research*

**Pharmaceutical studies**  
**LMD reforme underway**

**5<sup>th</sup> year (DFASP2) (60 ECTS)**  
*Domains: pharmacy, industry/research*  
*Hospital internship*

**Diploma of Advanced  
Education in Pharmaceutical  
Sciences (Master's degree, 120  
ECTS)**

**entrance exam  
for Pharmacy  
residency**

**6<sup>th</sup> year (specialized M2)  
(60 ECTS)**  
*Domains: pharmacy, industry/research*  
*Professional internship (6 month)*

**4 years of residency**  
\* **DES Medical biology**  
\* **DES Pharmacy**  
\* **DES Pharmaceutical  
Innovation and Research**

**Graduation thesis**

**PhD (2 to 3 years after the  
specialized M2)**

**State diploma of Doctor  
of Pharmacy**

**Diploma of  
Specialized Studies**
