- **Education and Research**

The European Summit on Hospital Pharmacy

Patients and professionals making the future together

14th-15th May 2014
Diamant Business Centre, Brussels

Statements available to view on the EJHP website

<http://ejhp.bmj.com/>

Statement 6.1

6.1 Undergraduate pharmacy curricula should include experience of hospital pharmacy practice.

The role of all hospital healthcare practitioners, including hospital pharmacists, should be integrated into the curricula of other health professionals

Statement 6.2

All those involved in medicines use processes must be able to demonstrate their competency in their roles.

Hospital pharmacists should participate in the development of European-wide competency frameworks to ensure standards of best practice are met

Statement 6.3

A European-wide framework for initial post graduate education and training in hospital pharmacy with an assessment of individual competence is essential.

In addition, hospital pharmacists should engage in relevant educational opportunities at all stages of their career.

Statements 6.4 and 6.5

6.4 Hospital pharmacists should actively engage in and publish research, particularly on hospital pharmacy practice. Research methods should be part of undergraduate and postgraduate training programmes for hospital pharmacists.

6.5 Hospital pharmacists should be actively involved in clinical trials of medicines.

Reform of the Professional Qualifications Directive

EAHP Member lobbying achieved change!

The new Professional Qualifications Directive now allows specialisations of the pharmacy profession to form **pan-European automatic recognition procedures for the first time.**

This can take place via a new tool called ‘a **Common Training Framework**’.

Steering Committee

- Steering Committee meeting in January 2015 determined the need for 3 working groups to deliver the project:
 1. Competency mapping
 2. Gathering evidence
 3. Communication
- First meeting of Working Groups weekend of 16-17 May in Brussels
- The working groups are expected to have an initial 2-year duration, with review of any further required activity thereafter.
