Today's focus: FIP Digital Health in Pharmacy Education

8 May 2019

FIP puts greater focus on digital technology

DIGITAL HEALTH

Survey Deadline: October 1st, 2020 23:58 CET

FIP Digital Health in Pharmacy Education

- 1) Investigate the **readiness and responsiveness of pharmacy education** to train current and future pharmaceutical workforce on digital health
- 2) Identify the **knowledge and skill gaps** of the pharmaceutical workforce on digital health through feedback from pharmacy schools, pharmacy educators, pharmacy students and practitioners worldwide.
- 3) Describe **good practices** on course descriptions, examples of assignments and learning activities on digital health skills

The banner features the FIP logo (International Pharmaceutical Federation) in the top left. The main text reads: "Support Global Pharmacy To Respond To and Shape the Digital Health Transformation!". Below this is a blue button with the text "FIP Digital Health in Pharmacy Education Survey". A white box contains the text "Complete Survey at" followed by the URL "https://fipdigitalhealtheducation.questionpro.com" with a mouse cursor pointing to it. The bottom section is a collage of icons representing digital health, including a smartphone, a magnifying glass, a calendar, a clipboard, a person icon, a DNA helix, a bar chart, a cloud, a house, a pill, a microscope, a gear, a mail icon, a coffee cup, a scale, and a first aid kit. At the bottom, it states "Survey Deadline: October 1st, 2020 23:58 CET".
